Vision benefits. VA health care covers routine eye exams and preventive tests. In some cases, you may get coverage for eyeglasses or services for blind or low-vision rehabilitation. Learn more about vision care through VA, www.va.gov/health-care/about-va-health-benefits/vision-care.

Dental benefits. In some cases, you may receive dental care as part of your health care benefits. Learn more about VA dental services, www.va.gov/health-care/about-va-health-benefits/dental-care.

HEALTH CARE PRIORITY GROUPS

When you apply for VA health care, we'll assign you 1 of 8 priority groups. This system helps to make sure that Veterans who need immediate care can get signed up quickly. We assign Veterans with service-connected disabilities the highest priority. We assign the lowest priority to Veterans who earn a higher income and who don't have any service-connected disabilities.
